Women and Micro-Enterprise Project

We can help you to get support to start up or grow your own business in the company of other like-minded women

Information for Women

Women and Micro-Enterprise Project...

- ◆ Looking for a new challenge?
- ◆ Want to work flexibly to meet your personal or family needs?
- ◆ Want to turn a skill, hobby or interest into an income?
- ◆ Already have a business but now want to see it grow?

Find out how your community can support you in finding out about the possibilities of business start up or help you in developing your existing business.

Our aim is to help women to set up their own business or, if they already have a business, to help them to make it grow and become more successful

If you are part of an existing community group we can help you to access a range of business support and personal development services
or
If you know of women like you who might be interested, why not set up your own group?

We have funding to pay for some of the extra support that you and your group might need and to cover your transport and childcare costs

Business Support and Development

Examples of the kind of support that may be available to you within your community:
